Who is American energy storage innovations (AeSI)?

Given the enormity of the opportunity, the division becomes a free-standing company, American Energy Storage Innovations, Inc. AESI comprises highly experienced core team members who have developed five generations of large-scale BESS systems, heretofore having deployed more than 1.5 GWh worldwide.

What makes AeSI different from other energy storage integrators?

AESI designs and engineers all its energy storage products starting with the industry standard LFP cells upward,unlike integrators that buy modules and/or racks of modules from others and attempt to package them into a system,AESI starts with the cells and designs the optimum system around them.
