

How many solar panels will be installed in Guyana in 2019?

In Guyana, 1.184 MW of solar PV systems will be installed at 80 public buildings in all 10 Administrative Regions in 2019.

Is Guyana a good place to install solar PV?

Most locations across Guyana have excellent solar insolation levels and are ideal for solar PV generation. As of 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW, with an estimated annual generation of 7.16 GWh.

How many solar PV farms will Guyana have?

Guyana Power and Light Inc. (GPL) is preparing plans for three utility-scale solar PV farms totaling 30 MW for the national grid in the long term, as well as a 0.75 MW Solar PV Farm at Wakenaam and a 4 MW Solar PV Farm at Onverwagt in the near future.

How is solar energy used in Guyana?

In Guyana, solar energy is used for several purposes, such as drying agricultural produce and irrigation, ICT, and to improve electricity access in rural areas. Under the Hinterland Electrification Programme, over 19,000 solar PV systems had been installed in nearly 200 communities by 2018.

Solar Direct offers the most flexible off-grid and hybrid Solar PV systems on the Guyana market to meet the budget and needs of our clients. No job is too small or too big for us as we cater for both residential and commercial applications. We currently offer three solar power packages and can also customise systems specifically for you!

This system automatically switches out from the power company and over to power coming in from the solar panels to run your appliances (whenever the panels receive enough sunlight). This lowers your light bill and prepares you for off-grid living.

As at 2018, the total installed capacity for Solar PV in Guyana is 4.63 MW with an estimated annual generation of 7.16 GWh. In Guyana, solar energy is used for several purposes, including drying agricultural produce, irrigation, ICT, and to improve electricity access in rural areas.

Solar Direct was established in 2013 and has become a major supplier of quality residential and commercial solar and backup systems at the most affordable prices in Guyana. Starting out as a small, family venture, it has grown over the years into becoming a name associated to affordable, high quality, renewable energy and backup solutions...
