

What is Hayleys Solar?

Hayleys Solar is the renewable energy arm of Hayleys Fentons, revolutionizing the renewable energy landscape in Sri Lanka. With a steadfast commitment to growth, accessibility, and empowering communities, it plans to establish Green Experience Centers island-wide over the next few years.

Is Hayleys Solar a sustainable company?

Hayleys Solar has installed over 125 MW of solar systems, accounting for the largest collective solar rooftop capacity in Sri Lanka. The company has embraced solar energy due to cost benefits and various sustainability initiatives. Hayleys Solar recognizes that empowering communities is crucial for sustainable development.

Where is Central African Republic launching a new solar park?

BANGUI, November 17, 2023 - Today, the Central African Republic is launching a new 25-megawatt solar park with battery storage in Danzi village, located around 18 kilometers from Bangui. The park will supply electricity to 250,000 persons in the capital, almost doubling the country's electricity generation capacity.

Will Central African Republic have electricity by 2030?

By 2030, almost half of the population of the Central African Republic should have access to electricity, compared to only 16% at present. Today, the Central African Republic is launching a new 25-megawatt solar park with battery storage in Danzi village, located around 18 kilometers from Bangui.

Today, the Central African Republic is launching a new 25-megawatt solar park with battery storage in Danzi village, located around 18 kilometers from Bangui. The park will supply electricity to 250,000 persons in the capital, almost doubling the country's electricity generation capacity

Hayleys Solar, the renewable energy arm of Hayleys Fentons recently surpassed 150MWp of installations, a national record for rooftop solar PV capacity in Sri Lanka, setting a new milestone in the island's transition to renewable energy.

"EnergyNet" by Hayleys Solar is an off-grid solar PV system with a battery backup which allows solar power generated during the daytime to be stored, making it ideal for usage during power outages, even during nighttime. Our off-grid and hybrid solar systems can seamlessly power critical loads during power outages including lights, fans ...

Hayleys Solar, the renewable energy arm of Hayleys Fentons, is proud to mark a critical milestone in Sri Lanka's transition to sustainable manufacturing. Through its partnership with Dipped Products PLC (DPL), a global leader in protective handwear, Hayleys Solar has equipped DPL's four manufacturing facilities in the country with a total ...

Hayleys Solar, the renewable energy arm of Hayleys Fentons, has opened doors to two new Experience Centres in Negombo (669, Puttalam - Colombo Rd) and Kandy (No 465/A, William Gopallawa Mawatha) respectively, bringing their total to four across Sri Lanka. These new centres offer residents a one-stop shop to explore solar energy solutions. ...

With a steadfast commitment to growth, accessibility, and empowering communities, Hayleys Solar, the renewable energy arm of Hayleys Fentons, is revolutionizing the renewable energy landscape in the country. It's the newest ...

By integrating solar systems with generators or large-scale lithium-ion batteries, Hayleys Solar ensures uninterrupted power supply even during outages, reducing dependency on the grid and eliminating the need for diesel generators.

Hayleys Solar has now established a dedicated unit responsible for maintaining and monitoring solar systems, as well as providing expert advice and services. With an expanding presence across the entire island, their team of engineers, technicians, and salespeople are readily available to deliver top-notch service to customers throughout the ...
