

Dr. Holcomb has also patented numerous environmentally friendly products, processes, and devices, including a CO2 converter that captures CO2 in power plant emissions and in the atmosphere and ...

When fully deployed, the Holcomb Energy System technologies offer a sweeping answer to the most pressing problems facing our world - pollution, climate change and wars for fossil fuels - as a cleaner, safer, more just and equitable ...

For over 15 years, Holcomb Energy Systems has been researching and developing a solid-state, self-sustaining power generation system with applications everywhere electricity is needed. Here's a video from the HES 2018 archive taken during a power blackout.

Robert Holcomb never had invested a single dime of his own money into Holcomb Energy. In Fact it had been a 15 year money raising operation for both Rllen and Robert Holcomb. Sucked millions of dollars from hundreds of investors and continue to do so. This is how they survived for 15 years. His science is BS.

Holcomb Energy Systems is a research and development company focused on innovative clean energy technology within the energy sector. The company offers a new energy system, the Holcomb Energy System (HES), which generates electricity without fuel, emissions, or noise, and is scalable for various applications.

Holcomb Energy Systems is setting a new industry standard in electric power generation. Our core technology, the Holcomb Energy System (HES), is an entirely new source of energy -- using no fuel and putting out zero emissions, it is scalable, silent, and point of use.

The Holcomb Energy System eliminates the need for centrally generated power plants and instead places energy production right where it is being used - in homes, commercial buildings, transportation, consumer electronics and along the grid.

Google "Holcomb Energy Systems Lawsuit" to see recent filings. They are also currently being evicted from the building they are currently in. It's all about raising money from the con to support their lifestyle.

When fully deployed, the Holcomb Energy System technologies offer a sweeping answer to the most pressing problems facing our world - pollution, climate change and wars for fossil fuels - as a cleaner, safer, more just and equitable solution is made available everywhere.
