

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean. We specialize in commercial systems from ...

As the Bahamas has close to six daily peak sun hours. Solar Power can offset a significant part of your power bill. Our goal is to design and build systems that can achieve maximum independence from the ever increasing cost of power.

Our own Lithi-Volt Self-contained system is ready for outside installation and features a Hybrid-12KW Inverter (10-year warranty) and 4 LiFePO4 Batteries (12-year warranty) equaling 57.4KWH. Capable of connecting 6 total units. Great for tropical locations with heating and cooling features built in. Plus remote monitoring via LuxPower App

An off grid solar electric system is perfect for people whose home is far from the utility grid. It is also a perfect system for those who desire true energy independence and are willing to live in an energy efficient and mindful way. Island Solar specialize in ...
