

# How much does it cost to scrap a solar panel

How much does it cost to recycle solar panels?

According to Sam Vanderhoof, CEO of Recycle PV Solar, only 10% of decommissioned solar panels in the United States are recycled; the rest flow to landfills or are allocated for reuse. The primary reason for this is the cost to recycle, which varies from \$15 to \$45 per panel. Whereas landfills typically charge \$1 to \$2 per panel.

How much does a solar panel cost?

The cost per panel works out to roughly \$0.78 cents per residential solar panel, and just over \$1.00 per utility-scale panel. For a rough comparison, consider that some states levy a recycling fee of 5 or 10 cents on a six-pack of beer. Seen that way, one panel equals a little more than a six pack.

How long does it take to recycle solar panels?

Based on \$28/module recycling costs and an \$18 per module subsidy, (which lowers the cost to \$10/module as shown in the graph below), it would take 12 years to reach a 20% solar panel recycling rate and profitable recycling.

How much does solar cost per watt?

Spreading that cost across the estimated 25 GW of newly installed solar results in a fee of about \$0.002 per watt. The cost per panel works out to roughly \$0.78 cents per residential solar panel, and just over \$1.00 per utility-scale panel.

How are solar panels recycled?

Here are the general steps involved in the mechanical recycling process of solar panels: Transporting: the solar panels are removed from their mounting structure and then transported to the recycling facility. Sorting: the solar panels are dismantled, and then sorted by material, type, and component.

Where can I recycle solar panels?

At least one U.S. manufacturer runs dedicated recycling facilities for thin film panels which recover the semiconductor material (cadmium and tellurium) in addition to glass and copper. You can search for solar panel recycling options on the following organizations' websites:

The Value of Old Solar Panels Scrapping. You may even wonder: Can you sell solar panels for scrap? The answer is yes! Some companies offer scrap purchasing services specifically for PV solar panel ...
