

# How to apply for solar power generation in shops

When will SCE provide authorization to operate my solar system?

SCE will provide authorization to operate the solar system once proper installation and permitting are completed. Once your solar system is installed and you have been given the authorization to operate your solar system, you will be interconnected with our electric grid.

Do I need a permit to install a solar system?

Your city or county will perform an onsite inspection and provide the required permit (s). SCE will provide authorization to operate the solar system once proper installation and permitting are completed. Obtain the permit and direct the installation of the solar system

How do I choose a site for a solar installation?

Flat or gently sloping terrains are generally more suitable for solar installations, while areas prone to flooding or unstable soil may present challenges. Proximity to Electrical Infrastructure: Determine the site's proximity to existing electrical infrastructure, such as substations or power lines.

How do I prepare a site before installing solar panels?

Before installing the solar panels, proper site preparation is necessary to create a solid foundation for your solar farm. Consider the following steps: Vegetation Clearing: Clear the site of any vegetation that may obstruct sunlight or interfere with the solar panel installation.

How do I find a good solar contractor?

Another great resource is the SCE Solar Marketplace, an easy-to-use, one-stop shopping service; offering customers a reliable resource to search solar vendors, compare prices of rooftop solar systems, finance options, and receive the benefit of having multiple vendors bid for their business. SCE does not endorse or recommend any solar contractor.

How do I get a solar energy quote?

How: Consult our Home Energy Guide to find energy-saving solutions and visit the SCE Marketplace to get valuable information about smart products, programs, and tools. A qualified, licensed solar contractor will provide you with a free home evaluation and comprehensive quote. Obtain and compare multiple bids before beginning.
