

What is a good solar inverter?

Victron, SolArk, Growatt Tier 1 & 2 quality products (most \$ first), MPP solar Tier-2 Good Quality. Midnite Solar (USA) has also just released their DIY Series of SCC's & Inverters with built-in SCC's. These are at a very good price for what they are and being backed by Midnite is good solid reference IMO.

Is Growatt a good inverter company?

Growatt has since released a vast array of updated inverters which have had very good feedback so far, and now offers a wide range of solar and energy storage inverter solutions for residential and commercial applications.

Who makes Sungrow solar inverters?

Founded in 1997 by a university professor, Sungrow is one of the largest suppliers of solar inverters globally and a leading Chinese inverter manufacturer. The residential SG range became very popular due to the competitive price, great reliability, and good reputation for service and quality.

Are string solar inverters a good choice for utility-scale solar farms?

String solar inverters up to and above 100kW are also increasingly popular for utility-scale solar farms due to the advantages of string-level monitoring and ease of servicing compared to central inverters. Below is our list of the most popular 3-phase inverters on the Australian market in the 8kW to 30kW and 30kW to 100kW categories.

Are GE solar inverters good quality?

Having been around for several years, GE inverters have had good feedback, and not surprisingly, the quality is on par with most leading manufacturers. Interestingly, some models in the GE range are rated for 200% solar oversizing, which is likely possible on the equivalent Goodwe model as well. Monitoring - 7.5/10

Who makes Fimer solar inverters?

FIMER is a well established Italian based inverter manufacturer that took over ABB's solar division in early 2020. The company is in the process of revamping many of the ABB style inverters and is expanding its range of high-quality string solar inverters for residential, commercial and utility-scale applications.
