

The largest single user-side distributed energy storage project in Central China has started construction recently. The construction ceremony of Huaqiang Chemical Plant Energy Storage ...

This type of energy storage converts the potential energy of highly compressed gases, elevated heavy masses or rapidly rotating kinetic equipment. Different types of mechanical energy storage technology include: ...

JKP has been awarded the first prize at the international competition for Qianhai Huaqiang Group Headquarter. The site is adjacent to an area of urban green belt, and is connected to its surrounds with multiple elevated walkways. The height ...

Huaqiang Yin's 16 research works with 406 citations and 903 reads, including: Fe doped metal organic framework (Ni)/carbon black nanosheet as highly active electrocatalyst for oxygen ...

On November 27, 2020, the first 50 MW F-class heavy-duty gas turbine independently developed by Dongfang Electric Group in China successfully achieved full load stable operation. Strictly ...

Subscribe to Newsletter Energy-Storage.news meets the Long Duration Energy Storage Council Editor Andy Colthorpe speaks with Long Duration Energy Storage Council director of markets and technology Gabriel Murtagh. News ...

In this study, we investigate the effect of Ca^{2+} substitution on the structural and magnetic characteristics of ferrous ferric oxide $\text{Ca}_x\text{Fe}_{3-x}\text{O}_4$ ($x = 0.2$ and 0.4) nanoparticles ...

Subscribe to Newsletter Energy-Storage.news meets the Long Duration Energy Storage Council Editor Andy Colthorpe speaks with Long Duration Energy Storage Council director of markets ...

Huaqiang Li's 27 research works with 63 citations and 1,248 reads, including: A two-stage rolling optimization strategy for park-level integrated energy system considering multi-energy flexibility
