

Who is invt solar?

Market-oriented, Customer-centralized. INVT Solar is a professional solar inverters manufacturer and national high-tech enterprise. Founded in 2015, it is a wholly-owned subsidiary of INVT. It mainly offers PV inverter solutions and energy storage systems for commercial & industrial, and residential applications.

Who is invt Solar Technology (Shenzhen)?

INVT Solar Technology (Shenzhen) Co., Ltd. is a professional solar inverter manufacturer and national high-tech enterprise. Founded in 2015, it is a wholly-owned subsidiary of INVT (Stock: SZ 002334). They mainly offer PV inverter solutions and energy storage systems for commercial & industrial, and residential applications.

What products does invt solar offer?

At present, the main product range of INVT Solar includes on-grid inverters (1-150kW), off-grid inverters (3-5kW), energy storage inverters (3-630kW), pump inverter, the energy storage inverter, the light storage solution, the intelligent family energy ecological chain.

What is invt solar inverter?

INVT solar inverter has a unique product technology advantage in product stability, power efficient transformation, low harmonic current harmonics and grid security access, which can be widely used in BAPV (home roof, office roof, factory roof), and BIPV.

Why should you choose invt solar?

They mainly offer PV inverter solutions and energy storage systems for commercial & industrial, and residential applications. Relying on INVT's strong 20 years of operating strength, INVT Solar has great advantages in R&D, production, sales and service, and can provide all-around support to customers.

What is xn series solar inverter?

XN series single-phase off grid inverter is a pure sine wave solar inverterspecially developed by INVT for residential users... INVT XD series energy storage products are divided into energy storage inverter and energy storage integrated machine. This series of hybrid i...

INVT solar inverter has a unique product technology advantage in product stability, power efficient transformation, low harmonic current harmonics and grid security access, which can be widely used in BAPV (home roof, office roof, factory roof), and BIPV.

The product range of INVT Solar includes the grid-connected inverter (1-136kW), the off-grid inverter (3-5KW), the energy storage inverter(3-630KW), pump inverter, the light storage solution, the intelligent family energy ecological chain.
