

What is the 540W JA Solar panel?

The 540W JA solar panel is assembled with multi-busbar PERC cells. This design offers higher power output, better temperature-dependent performance, reduced shading effect, lower risk of hot spots, and enhanced tolerance for mechanical loading. The panel is a mono-cell type and weighs approximately 28.6kg±3%.

What are JA Solar panels?

JA Solar panels are high quality solar panels designed for off-grid and rooftop applications. They achieve or exceed their nominal power. Solar panels are devices that convert light into electricity.

What is JA Solar JAM72-D30-540MB?

JA Solar JAM72-D30-540MB is a PV module fit for both residential and commercial applications. JA Solar engineers made the Deep Blue series durable and efficient while minimizing the amount of useful space required for their operation. The Passivated Emitter Rear Contact (PERC) technology ensures excellent power output.

What are the advantages of JA Solar?

The Passivated Emitter Rear Contact (PERC) technology ensures excellent power output. This solar cell type employs an additional reflective layer to absorb more sunlight. Another advantage is the half-cut cell technology. JA Solar has solar cells half the size of those installed in conventional panels.

How long does JA Solar warranty last?

JA Solar paid as much attention to durability as they did to performance. JAM72-D30-540MB is guaranteed to retain at least 84.95% of output after 30 years. Product warranty for this panel lasts 12 years. JA Solar guarantees the highest power output.

What payment methods does JA Solar accept?

We accept: Visa, MasterCard, Discover, and American Express. We also accept checks, direct deposit and wire transfers for large orders. You Recently Viewed... Unlock superior energy efficiency with JA Solar's JAM72D30-540/MB 540W Mono Bifacial Solar Panel at SolarTown.com. Harness sunlight from both sides for optimized power generation.
