

Where is JA Solar based?

JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona. The facility will produce high-performance photovoltaic (PV) products and is expected to be operational by Q4 2023, creating over 600 new jobs.

Will JA Solar manufacture solar panels in Phoenix?

"We are grateful JA Solar will manufacture its high-efficiency solar panels in Phoenix, enhancing Arizona's renewable energy industry." Once operational, JA Solar's Phoenix facility will be the largest manufacturing site of solar/PV products in Arizona with a capacity of 2 gigawatts.

How do I contact JA Solar?

For information about sales and products, please contact the corresponding regional email or phone number. For any other information, please contact info@jasolar.com. Copyright © 2020 JA SOLAR Technology Co., Ltd. All rights reserved. Leading Solar PV Panel Manufacture now in India.

How many jobs will JA Solar create?

Representing a \$60 million investment, the facility will create over 600 new jobs PHOENIX, AZ (January 10, 2023) -- JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona.

What products does JA Solar offer?

The range offered by the company includes JA Solar monocrystalline solar panels, as well as other accessories for photovoltaic systems, such as silicon wafers, cells, monocrystalline modules, photovoltaic components, inverters, and load-bearing and mounting systems.

What is the capacity of JA Solar?

The overall capacity supplied by the company is 80 GW. JA Solar is the world leader in high-performance photovoltaic products. The company has been rated in the Global Top 500 New Energy Enterprises and Fortune China 500 for several years. The goal of JA Solar is to develop solar systems that benefit customers worldwide.

Founded in 2005, JA Solar is a manufacturer of high-performance photovoltaic products. With 12 manufacturing bases and more than 20 branches around the world, the company's business ...
