

What is JA Solar n-type bifacial module?

The test aimed to study and verify the power generation performance and operating temperature performance of different types of modules. From February 2021 to February 2022, JA Solar and TÜV NORD tested the power generation capacity of JA Solar n-type module and found it to be 3.9% higher than that of the p-type PERC bifacial module.

Where is JA Solar based?

PHOENIX, AZ (January 10, 2023) -- JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona. The new facility will produce high-performance photovoltaic (PV) products, and is expected to be operational by Q4 2023, creating over 600 new jobs.

What is JA Solar Technology?

As a photovoltaic power generation solution platform, JA Solar Technology Co., Ltd. continues to advance its "One Body, Two Wings" strategy.

Where can JA Solar products be used?

JA Solar products are available in 135 countries and regions and are used extensively in ground-mounted power plants, commercial & industrial rooftop PV systems and residential rooftop PV systems.

What types of PV power plants does JA Solar offer?

At JA Solar we specialize in multi-form photovoltaic (PV) power plants, including conventional centralized PV power plants, Agri Voltaics, Floating Solar PV power plants, and other forms.

What is the output power of JA Solar panels?

The JA Solar monocrystalline solar panels found in our range provide an output power of 405, 550, or 460 W. JA TECH is an official distributor of photovoltaic panels manufactured by JA Solar. Become our partner too and get access to all the advantages of mutual collaboration.

PHOENIX, AZ (January 10, 2023) -- JA Solar, a global solar cell and module manufacturing leader, announced today it has leased space for its first manufacturing facility in the U.S. in Phoenix, Arizona. The new facility will ...

High-efficiency, high-output, high-power generation capacity, and high-reliability module products Power station solutions. Professional management and control system for the entire process, ...

As a photovoltaic power generation solution platform, JA Solar Technology Co., Ltd. continues to advance its

"One Body, Two Wings" strategy. The "One Body" refers to our main industry chain integrating silicon wafers, cells, and modules, ...

Between February 2021 and 2022, the two organisations tested the power generation capacity of a JA Solar n-type module, finding it to be 3.9% higher than that of a p-type PERC bifacial ...

JA Solar Yinchuan one-year outdoor field test data (JA Solar and T&#220;V North, in the CPVT Yinchuan National PV outdoor field test Base from February 2021 to February 2022) shows that the energy yield of n-type ...

From February 2021 to February 2022, JA Solar and T&#220;V NORD tested the power generation capacity of JA Solar n-type module and found it to be 3.9% higher than that of the p-type PERC bifacial module. The test ...
