

IN A groundbreaking development for Jamaica's renewable energy landscape, a joint initiative between LASCO, The University of the West Indies (UWI), and the USAID has culminated in the completion of a pioneering solar and battery storage pilot project at the company's White Marl plant in St Catherine.

Results* Solar Market Demand Aggregation: Through 1:1 technical assistance and engagement with installers and financiers, JERA helped 23 Jamaican Businesses sign contracts for Solar Photovoltaic (PV) and Solar Plus Storage ...

Tropical Battery Company Limited will embark on a recycling programme for degraded electric vehicle and solar batteries in the first quarter of 2022, an initiative that Managing Director Alexander Melville deems as both ...

With a combined capacity of 510 kilowatts for solar and 1,074 kilowatt-hours for battery storage, the \$1.8-million project represents a significant leap forward in the nation's journey towards energy independence.

CAC 2000 and Tropical Battery have forged an energy partnership under a joint venture called ENRVATE Limited that will trade in energy-saving solutions in Jamaica and the Caribbean. The company, which ...

CARICOM's trade body is set to approve an extension of the suspension of a tax on Jamaica's importation of nine renewable and energy efficient technologies, including lithium-ion batteries, from outside the region. A two-year suspension of the Common External Tariff (CET) is due to end December 31.

A project in Jamaica, pairing utility-scale solar with battery energy storage at a microgrid could become "a model for other countries in the Caribbean and beyond", the head of the country's main utility has said.

Cadmus has received a \$4 million award from USAID to help support the acceleration of the solar photovoltaic and battery storage market in Jamaica. We co-hosted a launch event of the Jamaica Energy Resilience ...

CARICOM's trade body is set to approve an extension of the suspension of a tax on Jamaica's importation of nine renewable and energy efficient technologies, including lithium-ion batteries, from outside the region. ...

CAC 2000 and Tropical Battery have forged an energy partnership under a joint venture called ENRVATE Limited that will trade in energy-saving solutions in Jamaica and the Caribbean. The company, which was incorporated at the end of April and became...

Tropical Battery Company Limited will embark on a recycling programme for degraded electric vehicle and solar batteries in the first quarter of 2022, an initiative that Managing Director Alexander Melville deems as both financially viable and environmentally responsible for the energy-storage solutions supplier.

Jamaica Public Service Company Limited (JPS) has issued an RFS for the engineering, procurement, and construction services for a 115 MW utility-scale solar plant, a 171.5 MWh battery energy storage system, and a 12 MW wind plant. The projects will be set up in the Caribbean country.

Jamaica Public Service Company Limited (JPS) has issued an RFS for the engineering, procurement, and construction services for a 115 MW utility-scale solar plant, a 171.5 MWh battery energy storage system, and a 12 MW wind ...

Cadmus has received a \$4 million award from USAID to help support the acceleration of the solar photovoltaic and battery storage market in Jamaica. We co-hosted a launch event of the Jamaica Energy Resilience Alliance with USAID and our Alliance partners on January 13, 2021.

The 10kWh / 200Ah Batteries PowerWall NE48V-200AH is a high-capacity lithium-ion battery that can provide backup power for your home or business. It is also a great way to store solar ...
