

Why should you choose hithium?

HiTHIUM offers top-quality energy storage products and solutions for ecology, productivity, and daily life. We solely focus on stationary energy storage and manufacture just the BESS from the cell battery system. High level of warranty against performance degradation and risk of defect, with coverage for up to 15 years.

Is hithium launching a new product outside China?

Following the company's global launch earlier this year, this is its first new product announcement made outside of its home market of China. Hithium Head of Global Business Mizhi Zhang said: "The way our team achieved the breakthroughs needed to bring this product to market affirms our core vision.

Will hithium be able to supply 15gwh EMS?

We're getting close into systematising our EMS into their solutions for 15GWh on a global basis," Brandt said. Hithium was only founded in 2019, but has already supplied around 11GWh of battery products worldwide.

When did hithium start launching a European base?

Half a year later in June 2023, Hithium launched a European base, shortly before closing financing worth US\$620 million. Its forays into the US market officially began earlier this month through a 1GWh supply deal with developer Perfect Power

Which inverter systems are compatible with hithium block?

The product will also be technically compatible with most top inverter brands' power control systems, or bidirectional inverters. The new energy storage system, named the "HiTHIUM ?Block," comes with the company's mature multi-level, liquid-cooling technology, which keeps cell temperature variation below 3° Celsius.

Liquid-cooled battery storage system based on HiTHIUM prismatic LFP BESS Cells 280 Ah with high cyclic lifetime. Improved safety characteristics and specially optimised for the highest requirements on safety, reliability and performance. Suitable e.g. for industrial, utility, and grid serving applications. n Product certifications:

Hithium has announced a new 5 MegaWatt hours (MWh) container product using the standard 20-foot container structure. The more compact second generation (ESS 2.0), higher-capacity energy storage system will come pre-installed and ready to connect.

Batterie-Energiespeichersystem-Container | BESS. Preissenkungen zur Stimulierung der Nachfrage sowie kommerzielle und industrielle Energiespeichersysteme werden jetzt beliebt! Seit 2023 sind die Preise für Lithiumcarbonat und Siliziummaterial gesunken, auch die Preise für Batteriepacks und Batteriekomponenten sind gesunken, und die Preise für ...

3 ???· "However, on a 20-foot container level, the deployment of the new MIC series will translate into 15% cost savings, while offering more than 6 MWh of storage capacity." ... Founded in 2019, Hithium has shipped more than 40 GWh of BESS products (cells, systems, and others), ranking as the Tier 1 BESS supplier. Unlike most other big Chinese ...

Dieser neue 5-MWh-Container zeigt, dass wir die Kapazität erhöhen und die LCOS senken können, damit die Energiewende wirklich erschwinglich wird." Mit 11 GWh an ausgelieferten Batterieprodukten seit Gründung des Unternehmens im Jahr 2019 erweitert Hithium seine Produktionskapazität bis Ende dieses Jahres auf 70 GWh.

UM prismatic LFP BESS Cells 300 Ah with highest cyclic lifetime. Improved safety characteristics and specially optimised for the highest requirements on safety, reliability and performance. Suitable e.g. for industrial, utility, and grid serving applications. n Product certifications: IEC 62619, IEC 62477, IEC 63056, IEC 61000, UL 1973,

Munich, 16. June 2023 - Battery energy storage manufacturer Hithium appeared for the first time as an exhibitor at The Smarter E's EES trade fair alongside Intersolar in Munich this week. The company announced its entry into the European market last month with an office opening in Munich, just as it surpassed 9 GWh total battery capacity delivered since the company was ...

Battery manufacturer hithium announces first 5 mwh container. Hithium has announced a new 5 MegaWatt hours (MWh) container product using the standard 20-foot container structure. ... Hithium leverages its specialization in BESS to deliver partners and customers unique advances in energy storage. The company is based in Xiamen, China, with ...

The manufacturer's products include a 3.44MWh containerised BESS solution featuring its 280Ah lithium iron phosphate (LFP) cell, while it is also bringing to the market a 5MWh container using a new 314Ah prismatic LFP cell that it claimed has a 12,000 cycle lifetime.

Hithium BESS Energy Storage Battery. Produkte Zellen & Module; Speicherprodukte; F& E HiTHIUM Über uns; Projekte; News Service ... BESS Container 5,015 MWh Flüssigkeitsgekühltes Batteriespeichersystem auf Basis prismatischer LFP-BESS-Zellen mit 314 Ah und einer hohen zyklischen Lebensdauer.

Here's one result they achieved with our new 5MWh ? Block system: The new HiTHIUM container design enables a project to place 4 containers together, side by side and back to back.

3 ???· "However, on a 20-foot container level, the deployment of the new MIC series will translate into 15% cost savings, while offering more than 6 MWh of storage capacity." ...

The manufacturer's products include a 3.44MWh containerised BESS solution featuring its 280Ah lithium iron phosphate (LFP) cell, while it is also bringing to the market a 5MWh container using a new 314Ah prismatic ...

Solarpro und Hithium kooperieren bei größtem BESS-Projekt in Südosteuropa. ... Batteriehersteller Hithium kündigt ersten 5-MWh-Container mit einer um 46 % höheren Energiedichte an. Hithium hat ein neues 5-Megawattstunden-Containerprodukt angekündigt, für das die standardmäßige 20-Fuß-Containerstruktur verwendet wird. ...

24. 10. 2024. Hithium Announces MSA with EVLO and First Commissioned Project with its High-Density 5MWh DC block in North America. Hithium, a leading global provider of integrated energy storage products and solutions announces the signing of a Master Supply Agreement (MSA) with a full integrated battery energy storage system (BESS) provider and subsidiary of Hydro ...

July 9th, Bulgaria - Stationary battery manufacturer Hithium has successfully deployed the largest battery energy storage system (BESS) project in Eastern Europe to date, with a capacity of 55MWh. This solar plus storage project was realized completely by EPC company Solarpro, in Razlog, Southwestern Bulgaria, where the project is located.. The new facility officially went ...
