

We offer cost-effective energy storage solutions with long life cycle and great safety performance. Renewable energy can provide reliable and flexible power supply for industries and households, and realize the sustainable power of urban life

As a leading global producer of lithium-ion batteries, we have one goal: to shape the future of battery-based energy supply as a top tier technology partner for the electric vehicle, industrial machines, and energy storage sectors. We offer sustainable energy storage solutions that are researched, developed, manufactured, and trusted world-wide.

As a leading global producer of lithium-ion batteries, we have one goal: to shape the future of battery-based energy supply as a top tier technology partner for the electric vehicle, industrial machine fabrication, and energy storage sectors.
