

Is Kazakhstan a landlocked country?

Kazakhstan is the world's largest landlocked country, and the ninth largest in the world, with an area of 2,724,900 square kilometres (1,052,100 sq mi). Kazakhstan is the dominant nation of Central Asia economically, generating 60% of the region's GDP, primarily through its oil/gas industry. It also has vast mineral resources.

Does Kazakhstan have a beef industry?

The country has an established beef industry which serves the domestic population with exports to the region. The agreement with Tyson and Kusto Group is part of a broader initiative by the Kazakhstan government to expand and modernize agriculture, beginning with meat production.

What is Kazakhstan known for?

Kazakhstan is the ninth largest country in the world by geographic area and has identified the livestock and the multi-protein export industry as a key growth market. The country has an established beef industry which serves the domestic population with exports to the region.

Does Kazakhstan have a legal framework for free and fair elections?

Kazakhstan's legal framework is not sufficient to ensure free and fair elections, and safeguards that do exist are not properly enforced. Electoral laws make it difficult for opposition parties to obtain parliamentary representation.

Does Kazakhstan help foreign victims of trafficking?

The authorities reportedly make little effort to assist foreign victims of trafficking. An antitrafficking bill was submitted by the Ministry of Internal Affairs to the parliament in May 2023. See the Freedom in the World 2024 score and learn about democracy and freedom in Kazakhstan.

Does Kazakhstan have a media monopoly?

Media independence is severely limited in Kazakhstan. While the constitution provides for freedom of the press, most of the media sector is controlled by the state or government-friendly owners. Independent outlets and journalists are routinely shut down or harassed, and self-censorship is common.
