

Does Trina Solar offer residential solar panels?

Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line. For solar panels, the most important specs to watch are: Efficiency: How well a solar panel captures sunlight and converts it into electricity for your home, expressed as a percentage (i.e., 22.2%).

How powerful are Trina Solar panels?

The company's most recent breakthrough panel achieved a maximum power output of 740.6 Watts. Alas, you won't be able to install those on your roof, but the residential panels are still adequately powerful. Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line.

Is Trina Solar a good brand?

Trina Solar competes with some of the top brands on the market, but they're not number one in any category. Trina Solar does everything pretty well (efficiency, temperature coefficient, warranties, price, etc.), but there's usually a premium solar panel brand that does it better.

How much power does a Trina vertex solar panel have?

The first of the new generation Vertex panels from Trina Solar was showcased early in 2020 and achieved an impressive 515.8W based on an independent test evaluation from TÜV Rheinland. This breakthrough was made after Trina began manufacturing the new Vertex panels on a small-scale pilot line.

Is Trina 660W a good solar panel?

A few months later, at the SNEC PV Power Expo in China, Trina showcased an incredible 660W Vertex panel. Early in 2021, Trina launched the 670W Vertex panel with an impressive 21.6% efficiency, making it one of the most efficient panels available for large utility-scale applications.

Does Trina Solar have a warranty?

The Vertex and Vertex S panels have a longer 15-year product warranty period with options to extend up to 25 years, while the Vertex S+ panels are backed by an impressive 25-year product warranty and 30-year performance warranty. Trina Solar has many support/service centres across the globe, with the Australian service office based in Sydney.
