

What does Nordic Solar do?

At Nordic Solar, we have made it our business to add more renewable energy to the energy system. We develop, construct and operate utility-scale solar parks in European growth markets. We also divest assets to make new investments in solar energy solutions. Dive into our business model and get insight on our strategic focus.

Who owns Nordic solar?

The company is owned by approx. 700 shareholders and employs more than 80 employees. Today, Nordic Solar operates solar parks with a total capacity of 359 MWp across Europe and has a portfolio of planned development projects of more than 1,8 GW. Setterwalls Advokatbyrå has acted as legal advisor to the seller.

Who is collaborating with Nordic solar?

Helios has been successfully collaborating with Nordic Solar on the design and development phases of the two solar parks. The Danish solar energy company, which develops, builds, and operates solar parks in 12 European countries, is looking forward to supplying the southern region of Sweden with solar energy:

Who is Helios Nordic Energy AB?

About Helios Nordic Energy AB Helios Nordic Energy AB is one of the leading PV solar developers in Sweden, and the Nordics, with a project pipeline exceeding 4,3 GW. Helios has in the past year concluded five transactions with reputable investors.
