"Lightwave has been an awesome partner to deploy the solar+battery solution. Not only are they highly professional in responsiveness, meeting dates, and the installation itself, but they also feel like a partner, constantly listening to input from my end and applying it when needed..." ...

Moldova Solar este amprenta inovatiei si a standardelor înalte înca din 2014 când a fost creata prima companie din grup, ca o afacere de familie, iar de atunci compania a crescut exponential, devenind un grup de 4 companii cu linii de productie diferite.

Specialties: LightWave is the most experienced solar company in the Nashville, TN area. Since 2006 we have been providing our customers with high quality solar installations. Now, most of our residential solar installations include energy storage. Book a consult and let's discuss how solar and storage can power your home every day and during severe weather that disrupt the grid. ...

"LightWave was very responsive and coordinated well with the General Contractor and Nashville Electric Service," he adds. LightWave Solar is an LG Solar Pro, an LG Energy Storage System (ESS) Partner, and a Tesla Powerwall Certified Installer. On March 9 we will host a solar + storage system tour at the Teeter Residence in Clarksville, TN.

Per your contract, TVA will still pay you retail rate for your solar kWh for next 10 years (years 11-20). If your system is newer than 10 years, and you've seen a drop in solar credits or a drop in solar production, there could be an issue with your system. Please submit our form below if you suspect a technical problem.
