Will LinkData supply high-quality lithium-ion batteries to the global EV market?

Furthermore, as Linkdata's fast-charging power batteries are about to enter mass production this year, large pre-orders from Chinese and international carmakers are already coming in, signaling that the firm is well-positioned to supply high-performance, high-quality lithium-ion battery/cell products to the global electric vehicle (EV) market.

What's new at LinkData's 'giant haul' launch event?

Another highlight of Linkdata's launch event is the unveiling of a new heavy-duty electric truck brand Giant Haul (Yuandong). The brand's universal electrification platform for EHDT EVs satisfies all vehicle requirements for 6x4 semi-trailer trucks.

The key competitive advantage is that LinkData focuses on high energy density, fast charging battery cells development, offering clients with both standardized and highly customized products, from battery cells to the whole battery system, battery selling to battery operation, adhering to the development concept of 'new energy, new life'.
