

What is a Lynx home F plus+ battery system?

Ideal for smart energy management and back-up optimisation, high-voltage (HV) battery system Lynx Home F PLUS+ is a perfect match for residential solar systems. The stackable, self-detecting battery modules make the system especially easy to install, while the reliable lithium iron phosphate (LFP) battery cell technology ensures maximum safety.

Is Lynx home F plus+ compatible with GoodWe BH/eh/BT/et inverters?

The reliable lithium iron phosphate (LFP) battery cell technology ensures maximum safety and a longer life cycle. Moreover, Lynx Home F PLUS+ is compatible with GoodWe BH/EH/BT/ET inverters. Get ready with Lynx Home F PLUS+ Series for robust power storage for your life.

Which inverter is compatible with the Lynx home F Series?

The Lynx Home F series is compatible with the ET series (3-phase hybrid inverter), the EH series (1-phase hybrid inverter), and the battery inverters of the BH series (1-phase) and BT series (3-phase) compatible. The high-voltage system with 2-5 battery towers can be combined with the GoodWe ET plus series.

The Lynx Home F Plus high-voltage battery LX F9.8-H from GoodWe The GoodWe high-voltage battery Lynx Home F Plus is a stackable battery tower. It is available in four different sizes. From two to five battery modules with a usable storage capacity of 6.55 to 16.38 kWh. The tower consists of the power control unit (PCU)

Featuring compatibility with GoodWe BH/EH/BT/ET energy storage inverters, Lynx Home F Series is an ideal choice to support the GoodWe one-stop energy storage solution. It accommodates remote monitoring of the whole energy storage system with a single App on-the-go, saving the bother of cross-platform management.

Die Lynx Home F Plus Hochvolt Batterie LX F9.8-H von GoodWe Die GoodWe Hochvolt Batterie Lynx Home F Plus ist ein stapelbarer Batterieturm. Sie gibt es in vier verschiedenen Größen. Von zwei bis fünf Batteriemodulen mit einer nutzbaren Speicherkapazität von 6,55 bis 16,38 kWh. Hierbei besteht der Turm aus der Power Con

Das Hochvolt (HV)-Batteriesystem Lynx Home F PLUS+ ist ideal für Eigenverbrauchsoptimierung und Notstrombetrieb von Eigenheimen. Durch die stapelbaren Batteriemodule mit automatischer Erkennung ist das System besonders einfach zu installieren, die zuverlässige Batteriechemie aus Lithium-Eisenphosphat-Zellen (LFP) sorgt für maximale Sicherheit.
