

I wish to announce before the general Public, that henceforth I have decided to Support, propagate, promote and defend Hon. ABDULLAHI IDRIS GARBA (MAI SOLAR) to become a Member House of Representing Kontagora, mariga, mashegu, and wushishipic.twitter /6MuhlBL0LG

Five of Curaçao's government stock corporations that operate in the port and energy sectors are planning the construction of a solar park on the western side of the site of the island's national oil refinery (Isla). The "Green ...

Five of Curaçao's government stock corporations that operate in the port and energy sectors are planning the construction of a solar park on the western side of the site of the island's national oil refinery (Isla). The "Green Power House" is expected to eventually provide sustainable energy to the island's businesses.
