

Today, following a recent consolidation, MBHE Group consists of the original boiler design company, MBHE African Power and also MBHE Operations & Maintenance (O& M), a dedicated small-scale operations and maintenance division for renewable energy assets, providing technical and administrative management services within the various project companies.

Puma Energy has acquired a 49 per cent stake in MBHE Group, a renewable energy solutions provider across Southern Africa and the continent. The partnership with Puma Energy will help drive expansion by providing ...

MBHE African Power is a renewable energy project development company focusing on the design, implementation and ownership of operational energy assets that lead to sustainability and cleaner production.

Puma Energy has acquired a 49 per cent stake in MBHE Group, a renewable energy solutions provider across Southern Africa and the continent. The partnership with Puma Energy will help drive expansion by providing access to new customers and unlocking financial facilities to fully develop its pipeline projects.

MBHE Group is a holistic energy services company with our head office based in Johannesburg, South Africa. Founded in 1996 primarily as a boiler design and manufacturing company, MBHE spent several years acquiring a record of accomplishment in the Southern African sugar - and paper and pulp sector.
