What is Valtech?

Valtech is a global digital agency focused on business transformation. The company, historically positioned as a traditional IT services provider, has been transformed by its current management team into a company that addresses the new needs of business leaders in a digital-focused era.

Why should you choose Valtech energy?

This specificity allows for Valtech Energie to have proven expertise in the operation and analysis of industrial processes involving the combustion of carbonaceous or non-carbonaceous fuels. We have developed an expertise in numerical simulation (CFD: computational fluid dynamics) of thermal equipment and processes.
