

Who is Yingli Solar?

Playing a Leading Role in Compilation of Photovoltaic Industry Standards. promoting the development and application of clean energy. Yingli Energy Development Co.,Ltd. (Yingli Solar) is a smart PV energy solution provider integrating PV technology R&D,intelligent manufacturing,and development,construction and operation of power plants.

Who is Yingli Energy Technology Group?

Yingli Energy Technology Group is one of the world's leading providers of BIPV products and integrated photovoltaic solutions,which aims to provide clean energy for all and built a Zero-carbon world.

Does Yingli Solar supply high efficiency solar modules?

Recently Yingli Solar has announced the supply of 405MW of high efficiency solar modules for the well-known Solar EPC iSOLAR SA,including 120MW N-type modules and 285MW P-type modules. Currently,180...1.25 GW! Yingli Solar to Supply Panda N-Type High-Efficiency Modules for Mega PV...

What are the key research and development platforms of Yingli group?

State key Research and Development Platforms of Yingli Group -National Key Laboratory of Photovoltaic Materials and Technology -National Key Laboratory of Energy and Photovoltaic Technology -National Technical Standard Innovation Base of Photovoltaic -National Enterprise Technology Center -National Center for International Research

How many countries does Yingli Solar provide photovoltaic products to?

From May 2003 to July 2019,Yingli Solar has provided photovoltaic products to 132 countries,ranking third among its competitors in terms of the number of customer countries. The aggregate installed capacity of power plants accounts for 3.1% of the world's total,ranking eighth among all photovoltaic product providers.

Which Yingli solar panels have passed the 5B test?

Yingli Solar is delighted to announce that our 550 W p-type,570 W n-type,and 575 W n-type solar panels have passed the 5B's stringent tests.

Yingli Energy Technology Group is one of the world's leading providers of BIPV products and integrated photovoltaic solutions, which aims to provide clean energy for all and built a Zero-carbon world.
