

Construction of a Solar Power Plant in Montenegro with a total capacity of up to 385 MW The Project site is located in central region of Montenegro in the area of Chevo which lies on the border between Cetinje and Niksic municipalities, 68km away from Podgorica and 101km away from the Port of Bar.

Solar energy developer Cevo Solar has officially put into operation the first ground-mounted photovoltaic facility in Montenegro. The 4.4 MW unit, also called Cevo Solar, was built in the village of Cevo, close to the ...

While the progress of solar energy systems in Montenegro is commendable, several challenges still need to be addressed. These include the intermittent nature of solar power, limited energy storage capacity, and the need for further technological advancements.

Solar energy developer Cevo Solar has officially put into operation the first ground-mounted photovoltaic facility in Montenegro. The 4.4 MW unit, also called Cevo Solar, was built in the village of Cevo, close to the country's historical capital Cetinje.

It ensures demand-based dispatching of power during peak times. You can buy Deye inverters on our website. We deliver to Montenegro, Serbia, Slovenia, Bosnia and Herzegovina, Germany and other European and Balkan countries.

Yes, the basic setup includes a battery backup of up to 9.6 kWh. The battery offers two modes - Eco Mode and Backup Mode. In Eco Mode, it prioritises using solar energy for immediate needs and stores excess energy, while in Backup Mode, it conserves stored energy for potential outages, limiting regular consumption from the battery.

MARSRIVA - Solar Inverter / Battery / Energy Storage System / UPS System_Light up the world with MARSRIVA products-Solar Inverter, Battery, UPS System.etc. Whenever and wherever you need, choose MARSRIVA and keep the life power on.
