

Founded over 15 years ago by a team of dedicated energy professionals, Muhanya Solar started with a vision to revolutionize energy consumption in Zambia. Muhanya Solar has proudly served a diverse range of clients, including homeowners, businesses, and industries, delivering tailored solar solutions to meet their energy needs.

Muhanya Solar Ltd is currently expanding its sales and installations of renewable energy equipment to increase the use of renewable energy in Zambia. These are ideal for schools, homes, telecommunication systems, vaccine refrigeration, street lighting, solar water pumping, standby power and domestic solar hot water.

From small backup systems to large-scale initiatives like the Chikankata 155kWp and CHAZ 300kW, Muhanya Solar has been at the forefront of the nation's renewable energy sector. Muhanya Solar's success lies in its comprehensive EPC approach, seamlessly integrating engineering, procurement, and construction expertise.
