

Namene is a business that believes people and planet should come first. We provide affordable, highly reliable, everyday devices to those who need them the most. We harness clean technology to transform lives and livelihoods.

All devices distributed by Namene are designed to help people and families thrive, wherever they live, by meeting their daily utility needs while eliminating sources of combustion - starting with eradicating harmful kerosene lamps, followed by polluting cookstoves.

Namene Solar deliver solar power without limit. Namene Solar wants to bring everyone, everywhere access to clean modern energy by connecting people to the sun to power their lives. As full service solar specialists it delivers end- to-end scalable solar systems that save money and combat climate change.

Namene Solar works to scale affordable energy access in off-grid communities. Their innovative climate projects use climate finance to subsidise the cost of solar lights for customers in rural areas who cannot afford solar.

Namene is a business that believes people and planet should come first. We provide affordable, highly reliable, everyday devices to those who need them the most. We harness clean technology to transform lives and livelihoods. Without ever compromising on quality, we make sure our products are always affordable and accessible to all.

All products distributed by Namene are designed to help people and families thrive, wherever they live, by meeting their daily utility needs while eliminating sources of combustion. We design our products to last as long as possible, and build long-term relationships with our distribution partners and customers based on trust and mutual benefits.
