What is Natron Energy?

At Natron Energy, we're changing the way the world looks at critical power and industrial batteries for high-powered applications like AI, data centers, peak shaving, and power quality management. Natron sodium-ion solutions outperform, are significantly safer, and are far more sustainable than lithium-ion options. Who is Natron Energy?

Is Natron Energy a good battery company?

With the commercial-scale production up and running, Natron Energy is poised to lead the way in Sodium-ion Battery technology. The company's focus on high performance and safety ensures that sodium-ion batteries are well-suited for a range of applications. This includes everything from data centers to electric vehicle fast charging, and more.

Is Natron Energy a publicly traded company?

Natron Energy is a privately held company and while we appreciate the immense interest from individual investors, there are no publicly traded stocks, nor individual investment opportunities available. Our unique sodium-ion batteries deliver superior performance, safety, and sustainability compared to traditional alternatives.

Who makes Natron batteries?

Build America. Buy America. With products sourced from minerals readily available in the U.S. and manufactured in Michigan, Natron Energyis a U.S. company that meets BABA requirements. The Power of Blue. The secret behind Natron's sodium-ion batteries is our patented use of Prussian blue electrodes.

Who is Natron?

Founded in 2013, Natron has been one of the pioneers in this new wave of sodium-ion research and innovation. And while most sodium-ion designs remain in the laboratory, Natron has switched on one of the first major production operations globally.

Does Natron Energy have a mass production plan?

Two years ago, sodium-ion battery pioneer Natron Energy was busy preparing its specially formulated sodium batteries for mass production. The company slipped a little past its 2023kickoff plans, but it didn't fall too far behind as far as mass battery production goes.

NATRON COMPANY, Uzice, Beograd, Natron Company Mliosa Obrenovica. Natron Company, PROIZVODNJA NATRON VRECA. Natron Vrece od 5 do 50 kg. Tip Papira // Natron Standard i Semi Klupak. Gramaza // Sve vrste. Stampa // CYMK 4 boje. Minimalna Porudzbina // neograniceno. Isporuka // po dogovoru. Kapacitet proizvodnje // 15 miliona godisnje.
