

What is Nighthawk energy storage?

Nighthawk Energy Storage, LLC (an affiliate of Arevon Energy) - The Nighthawk Storage project is comprised of a 300 MW stand-alone, transmission-connected battery energy storage resource located in Poway, Calif. (San Diego County) and, pending required local approvals, is scheduled to be online by June 2024.

How did Poway City Council approve the Nighthawk battery storage facility?

The council approved the Nighthawk facility via the consent calendar on a 5-0 vote. Poway Mayor Steve Vaus alluded to the fact that California policymakers and legislators consider the building of battery storage facilities crucial toward reaching the state's clean energy goals.

Did Nighthawk energy storage get a 5-0 vote?

In a 5-0 vote Tuesday night, the Nighthawk Energy Storage project got the go-ahead for their 300-megawatt project. NBC 7's Dave Summers was at council chambers where many residents left disappointed with the decision.

Is Nighthawk battery storage the same as Gateway?

Council member Caylin Frank noted that the Nighthawk battery storage technology is not the same as the Gateway technology. According to a staff report, the project will use Lithium Iron Phosphate batteries, which are more stable than the types of Lithium-Ion batteries used at Gateway.

How much money will Arevon get from the Nighthawk project?

Arevon has agreed to provide the city with at least \$3.5 million in sales and use tax revenue during construction of the Nighthawk project in addition to at least \$6.5 million in total property tax revenue over the 20-year term of the project's operation, the report said.

The change makes way for the battery storage facility known as "Nighthawk" to be built there. >24/7 San Diego news stream: Watch NBC 7 free wherever you are. Relevant content:

The Nighthawk Energy Storage Project will construct and operate a 300 megawatt battery energy storage system (BESS) on APN 320-031-0300. The project will include the development of energy storage facilities and ...

She packed her seven versalia, put her initial into the belt and made herself on the way. When she reached the first hills of the Italic Mountains, she had a last view back on the skyline of her hometown Bookmarksgrove, the headline of Alphabet ...
