SANTA CLARA, Calif., April 4, 2022 /PRNewswire/ -- Gridtential Energy, the inventor of Silicon Joule™; bipole battery technology, today announced a product development agreement with Camel Energy, the largest car battery manufacturer in Asia, and a top-three U.S. automaker that is supplied by Camel. The agreement is targeted to culminate in ...

Camel's silicon hybrid batteries will have at least twice the lifespan of a traditional 12V lead battery, making them an attractive option for automotive manufacturers. Under the agreement, Gridtential and Camel engineering teams will work closely to optimize the thin-plate cell design and manufacturing of advanced bipole batteries.

Camel Group Co., Ltd., founded in 1980, is an integrated high-tech enterprise specialized in the R& D, production and marketing of lead-acid batteries, lithium-ion batteries, and renewable resource recycling.
