Who installed a solar and battery system with Soly?

We spoke to Soly customer Jan from London, who installed a solar and battery system with us in May 2024. Due to rising energy bills, Jan decided it was time to make the switch to a renewable energy source so she could generate her own electricity to power her household.

Programul REPower EU 2024 se desfășoară în 2 etape, prima etapă adresată consumatorilor vulnerabili care nu au instalat un sistem fotovoltaic și consumatorilor care au montat sistem fotovoltaic de minim 3 kW, dar care nu conține acumulatori și etapa a II-a destinată populației generale care nu are montat nici unul din cele 2 sisteme..

Sisteme Fotovoltaice Hibrade, Off-Grid sau On-Grid. Preluati controlul asupra costurilor cu energia electrica prin integrarea tehnologiilor de eficienta energetica pentru afaceri sau acasa. Preturi Avantajoase, Garantie.

Vezi oferte Solplanet Ramânem fideli filosofiei noastre, prin care dorim ca tu sa te simti partenerul nostru pe perioada implementarii proiectului si utilizarii sistemului, nu doar „un client”.

The number of rooftops equipped with solar panels is growing rapidly in the United Kingdom. An increasing number of households are realising the benefit of 100% clean energy and choosing to be less dependent on the energy grid. A sustainable move that is kind to your wallet and to the planet. Are you ready to make the switch to solar?
