

Onsite Energy Limited is a Zambian onsite refueling company that was created in response to ease the hassle associated with fueling company transport fleets, genset, boilers, storage tanks, construction or farm machinery in a variety of industries in the Zambian market.

On-Site Energy was founded to support energy intensive manufacturers to achieve their sustainability goals whilst minimising their energy costs. We have delivered over ₦17m of projects to date and are in construction or development on ₦80m of further projects.

On-Site Energy Ltd is your partner for delivery of innovative, comprehensive energy efficiency, energy generation and carbon reduction solutions. We overcome capex & payback blockages with a zero fee, fully-funded off-balance sheet structure.

Onsite Energy is an Engineering Procurement and Construction (EPC) company with a highly experienced team of installers and sales organizations. We use only the top-rated design software, as well as a variety of financial companies to ...

We are privately funded and build-out with our own capital, enabling speed and flexibility, more so than the larger energy companies who rely on institutional funding for their capital. We are willing to embrace complexity and develop solutions where other providers say no.

On-Site Energy is proud to be accredited with both ISO 14001 Certification (Environmental Management System) to complement our ISO 9001 Quality Accreditation. These certifications demonstrate the commitment to ensuring we achieve leading environmental and ...
