

The Frangipani Beach Resort in Anguilla, British West Indies, has completed a renewable energy project which will power 70 percent of the resort. Eight hundred PV solar panels will provide 370 KWh of energy.

Outdoor-Batteriespeicher sind leistungsstarke Energiespeichersysteme, die speziell für den Einsatz im Freien entwickelt wurden. Sie bestehen aus Lithium-Ionen-Batterien, die in einem robusten Gehäuse untergebracht sind. Batteriespeicher im Außenbereich können Energie in großen Mengen speichern.
