

Why is Akhtar importing solar panels from China?

Akhtar is now ploughing a chunk of last year's profits into importing another haul of panels from China to lift the share of solar supply to his operations to 80 per cent by next April, to blunt the impact of soaring tariffs for state-provided power. "It's the only way we can beat our competitors" in China and India, he said.

Are solar panels 'unaffordable' in Pakistan?

But the mass adoption of solar panels also risked making the power provided by the Pakistani grid "unaffordable", Awaiz Leghari, the energy minister, told the Financial Times. "Demand is shrinking off the grid. That's a big concern for us."

Will Pakistan give away free solar panels?

Despite the federal government's concern about its power network, the provincial government of Punjab, home to more than half of Pakistan's 240mn population, announced in July that it would give away free or heavily subsidised solar panels for millions of citizens struggling with rising electricity bills.

Which multinational companies are importing solar panels from China?

Irteza Ubaid, chief operating officer of Shams Power, a Lahore-based importer, said that multinational companies in Pakistan, including Coca-Cola, Mondelez and Hyundai, are gobbling up the panels he imports from China, as they chase savings of up to 70 per cent on their electricity bills.
