

Phelan Energy Group is a world leader in low-cost energy development with an exclusive focus on Solar PV. PEG commenced operation in South Africa 10 years ago, and is led by a dynamic international development team of 90 executives, with 12 different nationalities.

At Phelan Green Energy, Paschal Phelan firmly believes that the company's green energy strategy embodies a holistic vision that harnesses both solar and hydrogen technologies. Its approach leverages the sun's energy to split hydrogen molecules from water, capturing hydrogen as a base gas for carbon-free products like green ammonia.

The Phelan Green Energy Group, spearheading the R47-billion Saldanha Green Hydrogen Project, is not only ambitiously developing a colossal hydrogen plant but is also exploring innovative ways to seamlessly integrate excess ...

3 ???&#0183; This initiative is a crucial step toward sustainable energy development for Grenada, supporting the country in its efforts to transition to cleaner energy and lessen its environmental impact. Grenadian Prime Minister Dickon Mitchell expressed his gratitude for the UK's support in funding Grenada's Geothermal Energy Development Project.

At Phelan Green Energy, we pioneer innovative battery solutions to drive a sustainable future. Our commitment to sustainability fuels our pursuit of cutting-edge technology, empowering communities, and industries to embrace renewable energy.
