

Why should you buy bulk solar panels by the pallet?

Unlock incredible savings with our bulk solar panels by the pallet. Whether you're a solar installer, a commercial developer, or an avid DIY enthusiast, our pallet deals offer unbeatable value and convenience. With a large quantity of high-quality solar panels at your disposal, you can tackle projects of any scale with ease.

Will pvpallet revolutionize the way we ship solar panels?

At least that's our approach. PVpallet is the first solar shipping solution to revolutionize the way solar modules are handled and distributed.

Does pvpallet test reusable solar panels?

PVpallet does not warrant that all loads will perform the same as lab testing. PVpallet's reusable solar panel pallets can be adjusted to fit a range of panel sizes and are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system.

What sizes does pvpallet offer?

Watch the Full Product Demo. PVpallet's solar panel pallet is available in two sizes. Series X is designed for solar modules between 63.5" and 83.5" in length. Series XL is designed for larger 90" modules. Custom sizing is available upon request.

What is PVpallet?

PVpallet is a reusable packaging and shipping solution that assists in driving efficiencies and process improvement at the branch and warehouse level and significantly reduces waste and damage. -Kevin Leikin, Director of Supply Chain Operations at Sunrun. Our mission is to eliminate waste streams through innovative, reusable packaging and shipping solutions.

What services does PVpallet offer?

PVpallet offers turnkey logistics, tracking, cleaning, and refurbishment services. These ensure that your reusable packaging fleet is traceable and in top condition, ready for deployment. PVpallet assists in driving efficiencies and process improvement at the branch and warehouse level, while significantly reducing waste and damage.
