

## Portable solar generator with panels Hong Kong

To make the solar generator works it must have portable solar panels, a solar charge controller, a solar battery and an inverter. Most solar generators available in today's market are lithium-ion batteries. Through the help of solar panels, it can emit sunlight and then convert it into electricity or direct current (DC).

Hysolis is a high quality, all-in-one power station designed to store power from the sun so that you can take care of your family and power your home, off-grid sanctuary, and more. Power that keeps on giving.
