

Will Norway's Energy Partnership help boost growth?

Sir Keir said the energy partnership with Norway, which has a border with Russia, would help to boost growth and protect against spikes in international energy prices like those seen when President Vladimir Putin's invasion of Ukraine.

Will a partnership with Norway make the UK more energy secure?

"Our partnership with Norway will make the UK more energy secure, ensuring we are never again exposed to international energy price spikes and the whims of dictators like Putin." The announcement comes days after Labour signed the first carbon capture usage and storage (CCUS) contracts in the UK. Read more:

Will Power interconnectors be a major issue in Norway's elections?

But sharp increases in electricity prices in Norway in recent winters have led to a political storm, ensuring that the issue of power interconnectors is likely to be one of the main topics in next year's elections. Polls predict that the ruling centre-left government will be crushed in the elections and a centre-right government will emerge.
