

RCT RESS APP With the powerful RCT RESS App you can manage and control all functions of your storage system. Installation, maintenance and control are made easy. ... POWER BATTERY 3.8 5.7 7.6 9.6 11.5 ELECTRICAL PARAMETERS Nominal capacity 3,84 kWh 5,76 kWh 7,68 kWh 9,60 kWh 11,52 kWh Usable capacity (90% DoD) 3,46 kWh 5,18 kWh 6,91 kWh 8,64 ...

RCT Power Storage DC 10.0 with 10.4 kWh high-voltage battery. The RCT Power Storage is a 3-phase hybrid inverter. With the integrated high voltage battery connection and two MPP trackers, a flexible battery storage system can be set up with the RCT Power Storage. The battery is a modular plug system.

FLEXIBLE AND UPGRADEABLE 2 - 6 battery stacks Usable capacity scalable in increments of 1.7 kWh Upgradeable Suitable for back-up systems SUSTAINABLE Lithium-iron-phosphate cell chemistry 10 years time value guarantee.

Modular battery storage system RCT Power Battery 11.5-2. The RCT battery is a resource-saving and safe solution for use in private residential buildings. The modular system ensures flexible retrofitting and therefore adapts perfectly to the user's changes and requirements.

Die RCT Power Battery 11.5, in Kombination mit dem RCT Power Storage 10.0 Hybrid-Wechselrichter, belegt den 1. Platz bei der Stromspeicher-Inspektion 2021, in der Kategorie SPI 10 kWp. Der Stromspeicher bietet 10,37 kWh nutzbare Speicherkapazität und bis zu 11,5 kW Entladeleistung auf drei Phasen.

The high voltage battery from RCT Power guarantees highest efficiency and autonomy. It excels at safety and in battery lifetime, working with particularly safe and environmentally friendly LiFePO<sub>4</sub> battery cells. The modular system can be upgraded and adapted to fit your requirements.

The high voltage battery from RCT Power guarantees highest efficiency and autonomy. The modular system can be upgraded and adapted to fit user requirements. Your system grows to accommodate new energy consuming appliances, e.g. an electric car. All our batteries are delivered in the elegant design that is typical for RCT Power.

RCT Power provides flexible DC coupled, all-in-one solutions that offer low payback time for new solar installations under NEM3.0. The hybrid inverter with battery connection distributes the generated solar power intelligently, optimises yield and conserves your battery. Programmable outputs ensure that excess power is not fed into the grid but is

Set RCT Power Storage DC 10.0 + RCT Power Battery 11.5 11,4 kWh Batteriespeichersystem auf LiFePO<sub>4</sub>-Basis, inklusive 10 kW Wechselrichter. Die zuverlässige Leistung für private und
