

Who is Redeux energy?

About Redeux Energy Redeux Energy is a utility-scale solar and storage development company with expertise in a range of strategies to transform greenfield, mined and industrial lands into renewable power infrastructure that produces new revenue streams and addresses local needs for economic and workforce development.

What services does Redeux Energy provide?

Redeux Energy offers a full suite of development capabilities, including market and POI targeting, site acquisition, permitting and environmental, transmission and facility engineering, as well as project finance for early- and mid-stage solar and storage projects.

Why should you choose Redeux?

Redeux is the trusted partner for high-quality, utility-scale, solar and storage project development, due to its proven leadership and decades of experience.

Who is Redeux backed by?

Redeux is powered by exceptional people and processes. Redeux is backed by Cathexis Holdings- a Houston-based, multi-billion dollar, single-member family office with active investments across industries including real estate, infrastructure, and energy.

Why did FPI buy Redeux Energy?

FPI saw this transaction as a win for both parties because it enabled them to expand their renewable energy portfolio, secure long-term, stable income streams, and provide attractive returns to their shareholders. Working with Redeux Energy was also a positive experience for FPI, as they found the Redeux team to be professional and easy to work with.
