

What is Rept battero?

REPT BATTERO is building the next-generation zero-carbon factories combining intelligent energy management and green electricity to achieve carbon reduction targets and push forward the development of data-driven intelligent manufacturing.

Does Rept battery have IPO?

REPT BATTERO has filed for IPO listing in December 2022. The leading power battery company is now providing products and solutions to notable clients including Wuling Motors, Stellantis, Goodwe, and Sungrow, among others. SOURCE REPT BATTERO Energy Co., Ltd.

Why should we invest in Rept battery?

“Looking ahead, REPT BATTERO will lead by example to support the rapid development of the global new energy market, promote the scaled application of clean energy and zero-carbon technologies, and become a key contributor in driving to achieve carbon neutral goals and address the climate change challenges,” said Dr. Hou .

Where is Rept battery based?

REPT BATTERO has a 20-hectare manufacturing base in Wenzhou city and is building a new manufacturing base in Liuzhou city, with its annual planned capacity reaching 26GWh and total investment topping 10 billion RMB. The company is on track to raise its total capacity to over 50GWh and battery storage capacity to 20GWh in 2023.

Is Rept Battery A Tier 1 energy storage manufacturer?

REPT BATTERO has been awarded the title of Global Tier 1 Energy Storage Manufacturer by BloombergNEF for the fourth consecutive time! Proven quality and advanced technological capabilities are the keys to our widespread market recognition. #REPTLead #BESS #CleanEnergy #TIER1 #grid #solar

What did Rept battero win At CBIS 2022?

At CBIS 2022, REPT BATTERO received two awards of “Influential Enterprise of the Year” and “Innovation Enterprise of the Year” for setting an example with their global zero-carbon transition. The REPT BATTERO Global Zero-Carbon Strategy

ABOUT REPT. Established in 2017, REPT BATTERO Energy Co., Ltd. (formerly known as “Ruipu Energy”) is specialized in the R&D, production and sales of lithium-ion batteries, with its focus...

The product range spans from 50Ah to 625Ah models, meeting diverse user needs. According to public data from InfoLink Consulting, REPT BATTERO ranked third globally in energy storage ...

REPT BATTERO is committed to the research and development and innovation of battery technology, providing efficient and safe power batteries and energy storage solutions to promote sustainable development.

The product range spans from 50Ah to 625Ah models, meeting diverse user needs. According to public data from InfoLink Consulting, REPT BATTERO ranked third globally in energy storage cell shipments and second globally in small energy storage cell shipments in the first half of 2024, achieving outstanding results in the energy storage market.
