

Plaintiff Risen Energy Co., Ltd. ("Risen Energy") and Consolidated Plaintiff Jingao Solar Co, Ltd. ("JA Solar") (collectively, "Plaintiffs")¹ challenge the Remand Results as unsupported by substantial evidence or otherwise not in accordance with law.

Products cover battery cells, modules, as well as large industrial and commercial energy storage systems, with an annual production capacity exceeding 15GWh The independently developed liquid-cooled energy storage battery system is the first in China to pass the UL9540A certification in both China and the United States

On September 11, 2023, Risen filed its initial complaint to contest the United States Court No. 23-00153 Page 2 Department of Commerce's ("Commerce") final results of administrative ...

Products cover battery cells, modules, as well as large industrial and commercial energy storage systems, with an annual production capacity exceeding 15GWh The independently developed liquid-cooled energy storage battery system is ...

Plaintiff Risen Energy Co., Ltd. ("Risen Energy") and Consolidated Plaintiff Jingao Solar Co, Ltd. ("JA Solar") (collectively, "Plaintiffs")¹ challenge the Remand Results as ...

BACKGROUND While the court presumes familiarity with the facts as set out in *Risen Energy Co. v. United States*, 46 CIT __, __, 570 F. Supp. 3d 1369, 1372 (2022) ("Risen I") and in *Risen II*, the court briefly summarizes the relevant record evidence for ease of reference.

The partnership between Risen Energy and Energy America marks a significant step towards vertical integration in the USA solar market. By combining Risen's Tier 1 products with Energy America's expertise in EPC services, the two companies aim to provide a seamless and efficient solution for solar farm development.

See *Risen Energy Co. v. United States*, 569 F pp.3d 1315, 1326 (Ct. Int'l Trade 2022) (Risen I); *Risen Energy Co. v. United States*, 611 F pp.3d 1384, 1389-94 (Ct. Int'l Trade 2022) (Risen II). Risen appeals, challenging Commerce's surrogate value calculations for its backsheet and ethyl vinyl acetate ("EVA"), and Commerce's overhead ratio ...

As a leading global new energy enterprise, Risen Energy leads the global energy revolution with solar cells, solar modules, and photovoltaic power stations, etc., provides new energy green solutions and integrated services worldwide, and assists customers in achieving their "low-carbon" or "zero-carbon" goals through our products, thereby ...

On September 11, 2023, Risen filed its initial complaint to contest the United States Court No. 23-00153 Page 2 Department of Commerce's ("Commerce") final results of administrative review as published in Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People's Republic of China: Final Results ...
