

What is Tongwei famous for?

After years of rapid development, Tongwei has emerged as a leading Chinese enterprise in agricultural industrialization and a prominent producer of aquatic feed. It also ranks among the world's top producers of aquatic feed, high-purity crystalline silicon, and solar cells, while remaining a significant producer of livestock and poultry feed.

Who is Tongwei agricultural development?

Deeply ploughing agriculture for 40 years, Tongwei Agricultural Development has focused on feed production and aquacultural product breeding, fishery facilities and equipment, and financing guarantees. Tongwei is a large multinational enterprise with eco-agriculture and new energy as our dual main business.

What makes Tongwei a high-purity crystalline silicon 'intelligent manufacturing in China'?

With a purity of 99.999999999%, the products represent the excellence of high-purity crystalline silicon 'intelligent manufacturing in China'. With the solid and robust upstream reserves within the industry chain, Tongwei entered the module business in 2013. The product is produced by the 'Industry 4.0' system of smart manufacturing.

Who is Tongwei module?

With the solid and robust upstream reserves within the industry chain, Tongwei entered the module business in 2013. The product is produced by the 'Industry 4.0' system of smart manufacturing. Tongwei creates high-efficiency shingled and half-cell products to achieve all-round coverage.

Why is Tongwei the world's first PV module manufacturer?

The module provides an impressive power output of 730W+ and represents a significant breakthrough for the company. During the exhibition, Tongwei also became the world's first PV manufacturer to successfully pass SEE on-site evaluation. PV Tech has been running PV ModuleTech Conferences since 2017.

What is Tongwei polysilicon lead?

The quality, technical indicators and costs of Tongwei polysilicon lead globally, covering both electronic and solar grades. Tongwei has established strategic partnerships with several well-known downstream photovoltaic cell and module enterprises in China. The product quality has received high recognition in the market.

????????????????????????????????????????????????????????????400????, ???6??,????????????????????????????????500????

After years of rapid development, Tongwei has emerged as a leading Chinese enterprise in agricultural industrialization and a prominent producer of aquatic feed. It also ranks among the world's top producers of aquatic feed, high-purity crystalline silicon, and solar cells, while remaining a significant producer of livestock and poultry feed.

TW (Tongwei) Solar entered the PV industry in 2006, initially specialising in polysilicon production before going on to establish itself as a world-leading manufacturer, currently creating...

In the midstream of the new energy industry chain, TW Solar has deeply engaged in the R& D, manufacturing, and promotion of core products in solar power generation. The company has become the largest crystalline silicon solar cell manufacturer with the most advanced process technology and production equipment, the highest degree of automation ...

A module product matrix with Tongwei characteristics and comprehensively covering differentiated market needs has been formed, and the products are widely used in various "PV+" scenarios such as residential rooftop, industrial & commercial and utility-scale power stations to meet the growing global demand for clean energy.

Tonghe will give full play to the leading advantages of TW Solar and Trina Solar in all aspects of the industrial chain, further strengthen strategic partnership, and create a new industry development pattern featuring professional division of labor, dislocation development, and mutually beneficial collaboration.
