Your life's best moments, even brighter More Energy, More Value SunPower Maxeon panels deliver more energy for your money and greater certainty for you. A Safer Investment SunPower Maxeon panels perform better and last longer in unpredictable weather and all climates.

Powerhouse Bratt  rkaia is an 18,580-square-metre office building that functions like any other - with the notable exception that it produces more than enough power for its own use. Excess power is shared with neighboring buildings, electric buses, cars, and the nearby harbor ferry system through a local microgrid.
