

Does American Samoa have a solar microgrid?

The island of Ta'u in American Samoa now boasts a solar microgrid from Tesla's SolarCity. Join us in The People v. Climate Change and share an environmental portrait of someone taking positive steps to protect the Earth on YourShot or social media. Use #MyClimateAction to share a first-person perspective on how we as humans face climate change.

How many people live in Samoa?

(The island's population varies with the season but usually falls between 200 and 600 people.) The solar project was installed by SolarCity, a California-based company recently purchased by Elon Musk's Tesla. The \$8 million project was funded by the U.S. Department of Interior and the American Samoa Power Authority (ASPA).

What is a church choir in American Samoa?

Ta'u, American Samoa -- On a recent Wednesday evening on the island of Ta'u--one of the outer islands in American Samoa--most of the people in all three villages are at pese--or church choir--practice. The annual island-wide youth group showcases are coming up and each choir senses the pressure of having to perfect their routines.

The installation of Samoa's 546kWp solar PV grid-connected system is expected to provide significant benefits to the government of Samoa by reducing the use of diesel by around 190,000 litres p.a and realizing costs savings of approximately SAT570,000 per annum in a country which generates 60% of its electricity from diesel. ...

Samoa, 29 April 2023: Communities thrive when they take the lead in identifying and addressing their own challenges. In this spirit, Australia is pleased to support Manono Tai and Apolima Tai as they illuminate their path towards resilience. The Australian High Commission provided support through its Direct Aid Program (DAP) for a solar light project [...]

On the heels of shareholder approval of their merger, Tesla and SolarCity are touting a microgrid on the island of T"au in American Samoa as the future of solar-plus-storage ...

Samoa's 400kWp Solar Project 06 April 2020 | dataset. Samoa's 400kWp Solar Project. Pacific Data Hub ... Samoa is highly vulnerable to the impacts of climate change and as a non-Annex 1 country is taking steps toward implementing the agreed objectives of the United Nations Framework Convention on Climate Change (UNFCCC).
