San Marino has installed over 4,200 private solar systems in the past 15 years, making it a global leader in solar energy production. These solar systems generate 5% of the country's energy, boosting sustainability and energy independence.

Financing that Empowers: SB Finance leads the launch of the new financing program for residential solar panel installations, in partnership with Advanced Energy Technologies, Solviva Energy, and SeekCap. The initiative aims to make sustainable energy solutions more accessible to Filipino homeowners.
