With the Technology Center, Schmid intends to remain an innova-tive technology provider and offer exciting energy solutions for an environmentally friendly future. Schmid W&#228;rmeproduktions GmbH, a subsidiary of the Schmid Group, operates the heating centre and supplies the thermal energy to the grid operator Energie M&#252;nchwilen AG

The tried and tested wood chip heating systems from Schmid set standards in combustion technology and impress with their high level of operating convenience. Our wood chip heating systems with an output of 35 kW - 8 MW are mainly used in apartment buildings, commercial operations, agriculture or industry as well as local and district heating.

Die konsequente Kundenausrichtung und das Bestreben &#252;ber die eigene Leistung hinauszuwachsen macht Schmid zum Global Player bei erneuerbaren Energien. Nachhaltige Produkte Schmid Anlagen werden mit h&#246;chsten Qualit&#228;tsstandards inhouse geplant, entwickelt und produziert f&#252;r energieeffiziente Heizl&#246;sungen.
