

SCHOTT Solar Panels. SCHOTT Poly modules are very well suited for small residential installations as well as large commercial and utility applications. Available in 4 output classes: 220, 225, 230 and 235 watts, the SCHOTT Solar POLY PV modules are manufactured with pride in Albuquerque, New Mexico from domestic and foreign components.

Schott Solar AG es una filial al cien por cien del consorcio tecnol&#243;gico internacional Schott. Schott desarrolla materiales especiales, componentes y sistemas para los sectores industriales de electrodom&#233;sticos, farmac&#233;utico, energ&#237;a solar, electr&#243;nica, &#243;ptica y del autom&#243;vil.

La empresa Cervecer&#237;a Nacional y a energ&#233;tica AES Panam&#225;, filial de la estadounidense AES Corporation, ha anunciado la puesta en funcionamiento de la planta fotovoltaica Pes&#233; Solar, de 14 MW, que ...

SCHOTT Solar is a manufacturer of solar photovoltaic(PV) energy systems for residential, commercial and large scale applications. SCHOTT Solar offers crystalline modules, thin film modules, and receivers (concentrated solar power components. SCHOTT Solar provides a 25-year performance warranty for its modules.

SCHOTT Solar es un proveedor internacional de tecnolog&#237;a solar de alta calidad, que act&#250;a en dos doferentes &#225;reas: En fotovoltaica, fabrica y comercializa m&#243;dulos solares de calidad „Premium", y act&#250;a en el negocio de proyectos con grandes instalaciones fotovoltaicas.

SCHOTT Solar produce componentes fundamentales para fotovoltaica y centrales solares de tecnolog&#237;a cilindroparab&#243;lica. Esta empresa es uno de los pocos fabricantes integrados de obleas, c&#233;lulas solares y m&#243;dulos de silicio cristalino y amorfo.

SCHOTT has been active in a number of areas of solar technology, such as Concentrated Solar Power (CSP), for a number of years, providing glass technology and expertise for major solar power projects around the world.
